

## ONDARRE VALDEBARÓN

### WHITE 2023 DOCa Rioja

*All the typicity of singular vineyards and  
landscapes from the slopes of Valdebarón  
northeast of Viana*

#### VINEGROWING

Sand and gravel, clay, chalk and limestone soils shape the slopes to the north and northeast of Viana, where we grow this low yielding white tempranillo.

#### WINEMAKING

Cask-fermented in new French oak followed by a further 2 months' ageing on its very finest lees in American- and French-oak and acacia wood casks.

#### TASTING NOTES

Pale straw in colour, this wine reveals varied and delicate aromas of white blossom and a firm, elegant mouth feel with a long aftertaste.
